MESSAGE FROM FOUNDERS

Dear Friends,

We are pleased to share with you about the work of Foundation for Children in Need during the financial year 2021-2022. We take pride in the service to the needy. The work of FCN is more direct and transparent. We are meticulous in maintaining good accountability and standard in distribution of the donations received.

Our vision is to reach to the most neglected in our society. FCN has been in the service of the poor for many years. Thousands have benefited through various programs of FCN.

We take this opportunity to thank our sponsors and donors who make lot of sacrifices to assist us so that we can help our poor. May God bless you.

We welcome each and everyone to share their blessings with those suffering and underprivileged. It is in sharing and giving our resources to the less fortunate that we are filled with blessings.

Gratitude is the best attitude. We are very grateful to all the Mission Directors, Pastors, Sponsors, Donors and Volunteers who generously support FCN. You are a tremendous blessing to us and to the needy we serve.

**With Prayers and Much Gratitude,
Dr. Geetha and Tom Chitta**

Sponsorship Stories

HY-Sriya Konijeti

My name is Sriya Konijeti. I am studying 11th grade. My mother works as a cleaning aide at Fr. Francis Memorial School. My father died in a road accident. My mother's income is low and she could not afford my twins and my education. She was about to stop our education. At that time FCN came forward to help the needy children with education and other basic needs. I am being sponsored since 10 years. I want to become a Bank Employee. I am thankful to FCN for their kind help and letting me pursue my dreams.

PN-Manikanta Kalluri

My name is Manikanta Kalluri. I studied at FCN School since 2nd grade. Both my parents worked as day laborers. In the year 2016 my father died due to heart attack and our family was in a deep shock. My mother became the sole breadwinner of the family. It was a great struggle for my mother to take care of the family and also educate us with her little income. It was then FCN came as a ray of light to me and am receiving the support from FCN for the past 10 years. I am doing my 12th grade, hoping to do my graduation and stand on my feet. My sincere thanks to my sponsors and FCN. May God continue to bless all of you.

We thank him for helping Siddamma to have a dignified and peaceful life at FCN Home. Siddamma enjoys a new life and she is the perfect example of how FCN transforms the lives of the homeless. DISTRIBUTION OF SCHOOL SUPPLIES

The value of education for development is increasingly recognized in India. Though parents sometimes are illiterate, they dream of sending their children to school. The poor parents struggle to give all that their children need because of low income. Therefore, the students suffer from learning. FCN recognizes those needs and is happy to distribute school supplies. In this financial year we distributed 1500 school bags and 35,000 notebooks. In India education is not only important to eradicate poverty and illiteracy, but also for a variety of other social, economic as well as cultural reasons. God Bless our friends and donors who contributed generously.
